

GAMING METHODOLOGY

Overview

- Games run under considerable time pressure
- Numerous simplifications
- Minimal time for analysis

Games Run

- Game 1a. 1981-1988
- Game 1b. 1981- 1988

Methodology/ Qualifications

- Subtract Federal share of WQCP compliance
Complications:
 - JPOD
 - COA
- Subtract upstream AFRP flows.
- Apply remaining b(2) credits using DOI criteria
- Share late February/ March costs with WQ account
- Assume total sharing within San Luis
- Game 1b replicates biological actions in Game 1a
- Assets not used include:
 - Kern water purchases
 - Groundwater storage
 - Efficiency (a late Stage 1 asset)
 - Supply shifting
